## Hollywood frames glam it up

The city raised a toast to Hollywood, when some famous Hollywood moments captured in the reels of history were displayed as a part of a special screening at an exhibition titled "At the Movies — Magnum ke Tasveer" at Art Motif Gallery. It took many guests down memory lane.

Present at do was actress Sharmila Tagore, who was on time to inaugurate the show. She was spotted appreciating the beautiful pictures and discussing them with

guests.

Later she confessed that someone should also come up with an exhibition on Bollywood on similar lines. "We have such beautiful picture of actors — right from Madhubala to Madhuri Dixit.

It would be worth a watch," she added.

And for Abhishek Poddar, the owner of the gallery, it was double celebration as it was also his birthday. "This exhibition is a perfect gift for me. The collection is more about how the picture is literally talking to you," he said.
